**Trimbelle Nature Day**

Trimbelle Nature Day is the perfect no-school day adventure for young and old alike. You'll enjoy a day of nature play that includes a Storywalk, scavenger hunt hike, hands-on science activities, nature art and more! The DNR will also be on hand for an electrofishing demonstration and fish survey for participants to learn more about the Trimbelle Watershed and the fish, especially the trout, that call it home.

**Captain Hines Reception**

Join us for a reception and meet & greet celebrating the career of Captain Jerry Hines and acknowledging his contributions to the new library building. Enjoy refreshments, conversation and a chance to see the first steps toward the completion of the Captain Hines Corner in the library Makerspace.

**15th Annual WiSciFest!**

We are excited to once again be a part of the Wisconsin Science Festival this year. We hope you'll join us for one of our programs celebrating science! Naturalist Emily Stone, Friday Storytime, the Cairns Woods BioBlitz Nature Walk, Robotics, the Well Water Screening Clinic, Sound Bathing and Qi Gong, and/or Science and a Story. Full details can be found at: [www.wisconsinsciencefest.org](http://www.wisconsinsciencefest.org)
